Hello, I am Olivia Chang.  
My position is a front end engineer ,  
mainly incharge of developing RWD  
User-Interface from ChinaLife (中國人壽).  
I find myself really like to be a front  
end engineer because I am always  
excited and feel a sense of  
accomplishment when completing  
a project.

## Education

### 2011-2013: **Master Degree**

Department of Content & Technologies,  
National Cheng Chi University  
(國立政治大學 數位內容碩士學位學程)

2007-2011: Department of Technology Application and  
Human Resource Development  
National Taiwan Normal University  
(台灣師範大學 科技應用與人力資源發展學系)

2004-2007: Kaohsiung Girls' Senior High School  
(高雄女中)

## Work Experience

### 2015.9-now: **Chinalife** (中國人壽)

Front End Engineer

- Develop RWD Event site
- Maintain the old e-commerce website
- Participation of the new e-commerce website development

### 2013-2015.8: **KC Data Networks Inc** (兆毅資訊股份有限公司) UI/UX designer

- Contextual inquiry with our team to define our app
- Plan the flow and make a prototype
- Mockup and visual design
- Communicate and coordinate with RD to complete our app

## Skills & Expertise

**Web Design** HTML, CSS, Javascript

**Visual Design** Photoshop, Illustrator

**UI Design** PaintCode, Sketch

**Interaction Design** Flash, Axure

**User Research** Design Thinking , User Centric Design

**Languages** Chinese, English
